⌚ 6 nights, 7 days

Overview

Buran Ghati is a famous trek and a newly trek. This trek will surely refresh you with beautiful landscapes it has to offer. There is a thicker and denser forest of oak and pine trees when you walk through them. The lush green meadows, the sharp edges at high altitude, the snow-clad peaks all around, the villages, etc are some of the magnificent sights you will come across the journey. One of the highlights of the trek is Chandra Nahan lake that is at high altitude. The lake is considered sacred by many locals in the area. The view from the Buran pass is mesmerizing. The trail to Litham is filled with forests and meadows and there is the Dunda. If any campsite can give you the beauty of an alpine mountain zone and the thrill of a splendid climb to come, then Dunda will be among the best. Barua, on the other side of the pass, is a charming old village that would distinctly remind you of Hobbiton from Lord of the Rings. Old houses, fruit-bearing trees, alleyways – it is a world of its own. There are rapid scenery changes, and save for the pass day, most days are easy-moderate. If you are looking for a summer or autumn trek, don't think twice, go for Buran Ghati.
